

# Mission Teams Needed

The ground floor of the school building is almost complete. The windows, doors, and security grills are finished. The work that needs to be done to finish the ground floor is the plumbing, electrical, carpentry, tiling, painting, and setting up the playground. We will then be able to open the school with the ground floor classrooms completed. We will begin advertising the school for registration to the public, in May. Once the ground floor is completed, we will begin work to complete the second floor.

Please contact Dennis Herko at 859.619.5384 to schedule a team from your church to help with this project. If you are an individual who would like to help, we can place you on a team.

You can additionally help Herko Family Mission through:

## Help us Open the School Doors on September 4th! SonShine Christian Kinder-Prep School

We have been constructing a school building on the property of the Church of Christ at Old Harbour.

Artist's rendering of Phase 1 completion

School construction, to date

### The school will:

- (1) Be used as a tool for witnessing to families and bringing them into a personal relationship with Jesus Christ!
- (2) Provide quality, Christ-centered educational opportunities for 3-5 year old children in the Old Harbour community.
- (3) Help the Church of Christ in Old Harbour grow numerically and financially in order to become self supporting.

The total remaining financial need to finish, furnish, and open the doors of the school is \$100,000.00. The greater part of that amount is needed for the school's start-up expenses. We need to purchase the necessary furnishings for the classrooms, pack a container, and ship the container to Jamaica by the end of March.

**"Look inside to see the list of items needed to ship in the container."**

Pictured in the photo is George Haden, Mission Committee member from NorthEast Christian Church in Lexington, KY. He is presenting one of the seven fire extinguishers (to Dennis Herko) that were donated by the Deacons of NorthEast Christian Church. The fire extinguishers were donated for the SonShine Christian Kinder-Prep School in Old Harbour and will be shipped along with the other items needed for the start-up of the school. Another member of NorthEast donated funds toward the playground equipment. The funds for the office's desktop computer were donated by the Meadow View Church in Frazeytsburg, OH. Several individuals have made contributions toward the overall start-up costs, taking our need from \$140,000.00 to \$100,000.00. (Below are items that we need to obtain, place in a container, and ship to Jamaica. Donating the funds for these items may be a good project for your church, class, or youth group.)

Nearly 50 percent of all children, ages 3-5, are unable to attend preschool. As a result, many children are not adequately prepared for elementary school and quickly fall behind.

Your generous gift will help us open the doors for these precious children on September 4, 2017.

**Help us give hope and a brighter future to the children of Old Harbour.**
